As president of Right to Life of Holland I hope you have a solution to not allowing this to happen in our county. It's ironic but I warned our board and church reps at our meeting just last evening to be on the watch for this exact thing to happen. That prediction didn't take long to come about. I'm hoping you too have thought about what you are going to do to stop it. Planned parenthood and our state authorities would love nothing more than getting their agenda into our county. It's time for the commissioners to work together with the health department and work out an agreement for the health and safety of our county especially the unborn!

Sincerely,
Doug Walcott
President Right to Life of Holland

Hopefully, your fellow prolife commissioners will see the need to keep the family planning funding. Let me know what you think, and the reactions of your colleagues.

Thank you.
